SEASON 10

Butcher's Blasphemy

After assassinating two deities back-to-back,  **Gorr the God Butcher** opens a god-killing front across the Nine Realms. His All Gods Will Die record and  **Loki**'s Journey into Mystery story carry the crisis into The Tetrameron, where  **Loki** appears as The Chronicler while his God of Stories journey continues. The warning is no longer abstract: every god still standing is now a target in the fractured timestream.

 **GODS OF ASGARD**

 **PRESENT TIMELINE**

RIPPLE EFFECT

 **GODS OF ASGARD**

 **Gorr**'s arrival places the divine lineage at the center of the god-killing crisis, while  **Loki**'s Chronicler role keeps Asgardian affairs tied to the wider timestream.

 **PRESENT TIMELINE**

Butcher's Blasphemy carries the divine conflict into the  **Present Timeline**'s ongoing chronoverse instability.
